

Happy Mothers' Day

Please accept this red rose from the Knights of Columbus as a token of appreciation for all you give to your family, Church and community. The gifts you share of patience, understanding, nurturing, affection and motherly love form the basic framework of our society. Your children depend on you for so much. Much like Mary. She not only raised Jesus but continues to nurture us and come to our need as we move through life. You can pray to her with your concerns knowing that she fully understands and can help you if all you do is ask.

May God Bless You and shed His Grace upon You.
