

VOTE! TUESDAY

At our last meeting Brother Stewart Smith brought up a troubling situation whose objective is to rewrite history and do away with our freedoms. I am talking about the recent and on going protests spreading through our country like the pandemic itself. Religious statues as well as monuments to great Americans have been destroyed and defaced. Outside radicals groups have taken over peaceful, meaningful protest and turned them into a destructive riot to serve their own purposes. They don't care about "Black lives matter" or anything else. They just want to cause carious. This Tuesday is our primary election to choose who will run for State, Federal and Judicial positions. We must as Christians take charge of our future. "If the good do nothing, then evil will prevail." Make time to look at all the candidates and what they stand for. We as Catholic Christians have be that we must not compromise on. Pray and then **Vote! The rest is in God's hands.**
