

KNIGHTS CORNER

February 18, 2024

St. Charles Council #2084

Next weekend we have 3 new brothers joining our local council after the 11am Mass at St. Charles. I encourage all knights that are able to attend and show our support for these men, but I also encourage anyone from the parish to stick around and show your support as well. It's not a ceremony just for our members and these 3 men are joining not to make our council better, but to live their Catholic values, show their commitment to their faith filled families, and to make our parish stronger. That's something we should all be proud of.

This week we begin Lent. Of course when one thinks about Lent and the Knights we think fish fries. This year Belding has the 1st three and Greenville has the 2nd three to make it easier for people to participate in the stations of the cross as we make the pilgrimage through our churches to end up at St. Charles for the Triduum. This will make our first one Friday March 8th, and I encourage any brother knights who can assist to please reach out to me.

But of course Lent is a time for much more than just eating fish on Fridays. As we participate fully in this season of repentance I know I often find myself wanting to dedicate even more time to strengthening my relationship with God and learning more about my faith. If you find yourself looking for a way to deepen your faith this season in addition to the devotional resources the parish provided, please consider borrowing one of the lovely resources we have in the lending library or on Formed.
