St. Charles Council #2084

As we celebrate this Feast Day of Corpus Christi or Solemnity of the Most Holy Body and Blood of Christ, I thought it might be nice to share a picture our brother Juan took at the state convention. We discuss a lot of important things and celebrate a lot of accomplishments at the convention, but each day we celebrate Mass before the sessions begin. I believe we do this as a reminder that the Mass and the Eucharist is the real focal point of everything we do. All our wonderful charities and programs and the fraternity we foster has one goal. To spread the love of Jesus and ultimately bring people into full communion with him and our Church.

With the archbishop, the bishops and auxiliary bishops from all 7 dioceses, many priests and well over 1000 people in the congregation, it's a special celebration and the homilies never disappoint, but my personal favorite part is seeing just how dedicated the bishops and priests distributing communion are as they move around the giant room making sure each and every person has the opportunity to receive.
