

TAKING CARE OF YOUR FAMILY

This pandemic has changed our lives in way we could not have imagined. The Knights have taken up the challenge to help our community in any way we can. We have been checking on friends, members of the parish and community to see that they are OK. Now more than ever the value of family insurance is proving its value. One of the key benefits of belonging to the Knights of Columbus is the insurance they offer, If you are a knight or have been thinking of becoming a Knight, we would like you to take a look at what we have to offer. The Supreme Council is holding a virtual information meeting on May 27th, 28th and June 2 to introduce you to the many options available. Just e-mail your name and which date or dates you are available and we will send you the access codes. For over 100 years the Knights have been all about family.
