

Knights Corner

August 23, 2026

St. Charles Council #2084

We brothers at Council #2084 want to thank any and every one that helped at or consumed the delectable Aebleskivers we prepared at the booth this year for Danish Festival 2026. It was a long road but we still made it through together. The funds raised at this event allow for the many programs and services that we use throughout the year. If you have benefitted in any way from the Knights of Columbus, this is the way that we are able to serve you in our community.

That being said, I would like to write this next section for the wives of any husband not yet part of the Knights of Columbus, or even the spouses of men who are members but not insured through the K of C service. Ladies, did you know that Brother Knights get an automatic Accidental Death Benefit for you and your spouse (minimum value of \$1500.00) and guaranteed issue life insurance policies for your children regardless of pre-existing conditions? How about the fact that these very affordable and tailored insurance services not only protect you and your family from financial hardship, but also are used to build up the Church and serve people in need through the global fraternity and, if that was not enough, these policies fund Catholic causes around the world. There is so much more that I could write to you about the K of C insurance programs but I would rather defer to an expert on these matters. You and your husband would be able to get ahold of our LOCAL agent as soon as your husband is part of the council! It is really that fast and easy, and in all honesty I wish that I would have known about these services earlier and would have jumped at the first chance to formulate a quality and reliable policy with the K of C insurance when I came into the council. So, please don't hesitate, tell your husband to become a Knight of Columbus today and rest easy that you will be insured by a company that holds the same values and principles that you do. And gentlemen, there are a plethora of events and fraternal activities that we do each month and would happily welcome you to be included. Please, prayerfully consider (or for once listen to your wife) and join the Knights of Columbus and become our fraternal brother today. And as an added bonus, if you sign up online and use the promo code "blessedmcgivney", your first year of dues are free! When registering online make sure to submit to Council 2084 to make it a little easier to get a hold of you quickly. Truly gents, I really wish that I had known of both the Knights of Columbus and the insurance program earlier in my life. These brothers are some of the finest men I have had the pleasure of servicing and talking with. So, don't wait any longer, join us today and be our brother too.

Robert E. Pratt Jr.
Grand Knight
